**Subject:** Line Siting Pre-Filing Conference - TEP/SWTC Saguaro to North Loop Application

Ms. Ellis,

Good afternoon. Tucson Electric Power Company and Southwest Transmission Cooperative, Inc. anticipates filing an application for what has been listed as the Saguaro-Naviska-Thornsdale-North Loop Project on the Upcoming Line Siting Filings List on or before July 31, 2009. We would like to schedule a pre-filing conference before doing so. We have been in touch with Larry Robertson, counsel for Pinal County who will likely be an intervener in this case, as well as Ms. Webb who indicated an interest in possibly intervening. We understand that there is a procedural conference on July 24 at 2 p.m. I was wondering if a pre-filing conference could be schedule in this matter on the same day at 11 a.m., so that parties south and east of Tucson could make the drive up in enough time to appear. If not, the morning of July 23 and the afternoon of July 27 would also be feasible for the Applicants.

Mr. Derstine will be out of town on those days, so if there would be a way for him to appear telephonically, we would greatly appreciate that. I would be appearing in person for TEP. Mike Grant from Gallagher & Kennedy would be appearing for SWTC. Many thanks for your assistance.

Ms. Williams,

The purpose of this email is to memorialize that we did have a tentative hold at The Omni Tucson National Resort, at 2727 West Club Drive in Tucson, for October 6 and 7 (we were also suggesting scheduling the hearing for October 8 as well). I also received late word after the pre-filing conference that the Application will likely not be filed until sometime next week (i.e. the week of August 3) due to complications getting the requisite number of copies made. I believe the dates of October 6th through 8th would still fit within the required statutory timeframes to commence the hearing - even if the Application is filed between August 3 and August 7. Please let me know if you or Chairman Foreman have any concerns or questions. Thanks.

**Attachments:** North\_Loop\_Notice\_Hearing\_FINAL.doc

Ms. Williams,

Attached is the Applicants' proposed form of Notice of Hearing regarding the Saguaro to North Loop Project -- filed yesterday with the Arizona Corporation Commission -- for the Chairman's review. We had previously shared a draft version of this document with Mr. Robertson and Ms. Webb. I added the docket and case numbers assigned to this matter. Mr. Robertson indicated he had no changes, but I have not heard from Ms. Webb. Please let us know if there are any questions, concerns, or changes. Thanks.

TEP 138 kV LINE AND ONE SWTC 115 kV  
LINE FROM THE EXISTING TORTOLITA  
SUBSTATION TO THE EXISTING NORTH  
LOOP SUBSTATION IN SEC. 9, T.12S., R.12E.  
IN THE TOWN OF MARANA, PIMA  
COUNTY.

Docket No. L-00000C-09-0385-00149  
Docket No. L-00000CC-09-0385-00149

Case No. 149

**NOTICE OF HEARING**

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the application of Tucson Electric Power Company ("TEP") and Southwest Transmission Cooperative, Inc. ("SWTC") for a Certificate of Environmental Compatibility authorizing (1) the reconstruction of an existing TEP 138 kV line to an SWTC 115 kV line from the existing Saguaro Substation to the existing Tortolita Substation in Pinal County; and (2) the reconfiguration of two existing TEP 138 kV lines and the addition of one TEP 138 kV line and one SWTC 115 kV line from the existing Tortolita Substation to the existing North Loop Substation in the Town of Marana, Pima County ("Project"). The hearing will be held at The Omni Tucson National Resort, 2727 West Club Drive, Tucson, Arizona. The hearing is scheduled to begin October 6, 2009, at 9:30 a.m., and to continue as necessary on October 7, 2009 and October 8, 2009 at 9:30 a.m. The hearing will adjourn at approximately 5:00 p.m. on all days. Additional hearing days, if necessary, will be noticed on the Applicants and Arizona Corporation Commission ("ACC") websites.

The Applicants' website with Project information is:  
<http://www.tep.com/company/news/SA2NL/index.asp>

and

<http://www.southwesttransmission.coop/metadot/index.pl?iid=2306&isa=Category>

The ACC Website is: [http://www.azcc.gov/AZ\\_Power\\_Plant](http://www.azcc.gov/AZ_Power_Plant).

Copies of the Application and Transcripts will be available for inspection at the following locations:

Geasa-Marana Branch Library – 13370 N. Lon Adams Road, Marana, Arizona 85653.

Nanini Branch Library – 7300 N. Shannon Road, Tucson, Arizona 85741.

**PUBLIC COMMENT WILL BE TAKEN AFTER OPENING STATEMENTS AND AS PERMITTED BY THE COMMITTEE CHAIRMAN.**

The Project consists of two segments: The first segment involves reconfiguring about 1.3 miles of a single-circuit TEP 138 kV line to a single-circuit SWTC 115 kV line on steel monopole structures within an existing right-of-way. This segment will originate from the existing Saguaro Substation, in T.10S, R.10E., Section 15 (owned by Arizona Public Service Company) to the vicinity of the existing Tortolita Substation in T.10S., R.10E., Section 23 (owned by TEP). Both substations are located in Pinal County

The second segment involves removing two existing TEP 138 kV lines from wooden H-frame structures and reconstructing those lines on new structures – as well as adding one TEP 138 kV line and one SWTC 115 kV line. This Segment would originate from the existing Tortolita Substation in Pinal County to the existing North Loop Substation, in T.12S., R.12E., Section 9, in the Town of Marana, Pima County. The Project will interconnect two existing TEP Substations (Tortolita and North Loop). The Project will also interconnect the SWTC 115 kV line to the Saguaro Substation and to the proposed SWTC Adonis Substation (located entirely on State Land).

TEP and SWTC propose three options in the Application for the second segment:

- Preferred Option: Construction of one series of quad-circuit transmission line steel monopoles in the existing 360-foot-wide TEP transmission line corridor consisting of multiple rights-of-way from Tortolita to North Loop Substations (14.4 miles long).
- Alternative Option 1: Construction of two adjacent series of double-circuit transmission line steel monopoles in the existing 360-foot wide TEP transmission line right-of-way (“ROW”) from Tortolita to North Loop Substations (14.4 miles long).
- Alternative Option 2: Construction of one series of quad-circuit transmission line steel monopoles within the existing 360-foot-wide TEP transmission line ROW to the intersection of that ROW and the Central Arizona Project (“CAP”) canal. From that point south to the intersection of the CAP canal and Tangerine Road, the route would traverse in a new 100-foot-wide ROW adjacent to the east edge of the existing CAP canal. From that point the line would head east along the north side of Tangerine Road until it intersects the existing TEP transmission line ROW. From the intersection the line would be constructed in the existing 360-foot wide ROW to the North Loop Substation. (15.9 miles

long).

More complete maps, along with more detailed textual descriptions of the proposed route are available in the Application and on the Applicants' website. The Application that includes detailed maps of the proposed Project is on file with the Docket Control Center of the Arizona Corporation Commission, 1200 West Washington Street, Suite 108, Phoenix Arizona, 85007, and 400 West Congress Street, Suite 221, Tucson, Arizona 85701 in addition to the two library locations listed above.

The Committee may conduct a tour of the Project area and the proposed routes. If a tour is conducted, a map and itinerary for the tour will be available at the hearings. Members of the public may follow the Committee in their own private vehicles. During the tour, the Committee may hear brief testimony at stops on the tour from one or more witnesses concerning where the stops are located, what is visible at the stops and the relevance of the location and view to the proposed routes of the transmission line in the Application. No other discussion or deliberation concerning the Application will occur. A court reporter will transcribe any testimony taken on the tour.

Depending on the issues raised and the number of interveners appearing during the hearing, the Committee may deem it appropriate at some point to recess the hearing to a time and place to be announced during the hearing, or to be determined after the recess, at which time and place the hearing will be resumed. These dates and places will be posted on the Applicants and ACC websites. At the discretion of the Committee, such resumed hearings may be held at a date, time and place designated by the Committee or its Chairman.

**NOTE: NOTICE OF SUCH RESUMED HEARING WILL BE GIVEN; PUBLISHED NOTICE OF SUCH RESUMED HEARING IS NOT REQUIRED.**

Each county and municipal government and state agency interested in the proposed Project and desiring to become a party in the proceeding must file with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, a notice of its intent to be a party. That notice must be filed not less than ten (10) days before the date set for hearing.

Any domestic, non-profit corporation or association, formed in whole or in part to promote conservation or natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote customer interests, to represent commercial and industrial groups, or to promote the orderly development of the area in which the Project is to be located and desiring to become a party to the certification proceedings must file with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, notice of its intent to be a party. That notice must be filed not less than ten (10) days before the date set for hearing.

The Committee or its Chairman, at any time deemed appropriate, may make other persons parties to the proceeding.

Any person may make a limited appearance at a hearing by filing a statement in writing with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, not less than five (5) days before a date set for hearing. A

person making a limited appearance shall not be a party or have the right to present testimony or cross-examine witnesses.

This proceeding is governed by Arizona Revised Statutes (A.R.S.) §§ 40-360 to 40-360.13 and Arizona Administrative Code R14-3-201 to R14-3-219. No substantive communication, not in the public record, may be made to any member of the Committee. The written decision of the Committee will be submitted to the Arizona Corporation Commission pursuant to A.R.S. § 40-360.07. Any person intending to be a party before the Arizona Corporation Commission must be a party to the certification proceedings before the Committee.

ORDERED this \_\_\_\_\_ day of August, 2009.

---

John Foreman, Chairman  
ARIZONA POWER PLANT AND  
TRANSMISSION LINE SITING COMMITTEE  
Assistant Attorney General

Mr. Gellman,

Before I give the Chairman the draft on Monday, was there a map that you wanted attached to the Notice, or should I file it without one?

Thank you,  
Tara Williams

Ms. Williams

I am working on getting a map to forward to the Chairman office early next week. Thanks.

**Subject:** Pre-Hearing Conference - Line Siting 149

Parties,

The Chairman would like to schedule the pre-hearing conference for Case #149. I understand Mr. Robertson is unavailable September 24th through the 28th.

The Chairman is available October 1st or 2nd.

Please let me know if either of those dates work for all of you.
